

# Waste prevention in the Brussels Region

IBGE - BIM

Sensibilisation  
& Consommation  
durable

*Francis RADERMAKER*  
*IBGE-BIM*

*2nd Conference on Municipal Waste Prevention*

*Barcelona, 13 July 2004*

## **Brussels Region**

- 1.000.000 inhabitants
- 70 % living in apartments
- 20.000 companies (mainly very SME)

## **IBGE-BIM**

- the environment and energy administration for the Brussels-Capital Region

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Waste - Some figures

350,000 tons hh waste/year

Every Brussels citizen produces yearly on an average 360 kg waste, of which:

- 20% food (5 to 7% spilling)
- 20% packaging (plastic, glas, tetrapak, cans, ...)
- 23% paper/cardboard (79 000 T with 20 000 publicity/press)
- 9% green waste (30 000 T)
- 18% "others" ( with 3000 T Reusable goods)

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Waste - Some figures

Priorities in waste prevention : 45,000 tons (10%)

- disposable shopping bags (1% - 3,300 tons)
- food (7% - 14,000 tons)
- office paper (12,000 tons)
- free advertising (10,000 tons)
- reusable goods (3,000 tons)
- Textiles (5,000 tons)

+ home composting

& Consommation  
durable

# History of the Brussels Waste Plans

- Regions are competent for waste management.
  - One of BIM's missions : establish and execute a waste prevention and management plan
- 1e waste plan 92–97: «Launch» - focus on selective collection
- 2e waste plan 98–02: «Extension» - focus on prevention
- 3e waste plan 03–07: «Optimisation» - “Dematerialisation”

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Why « Dematerialisation »?

IBGE - BIM

Sensibilisation  
& Consommation  
durable

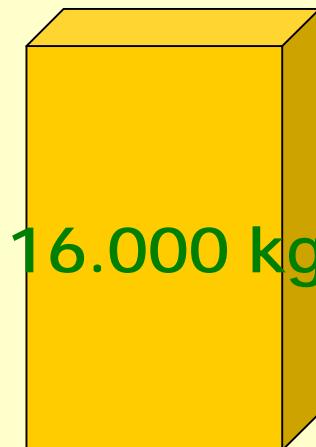

IBGE - BIM

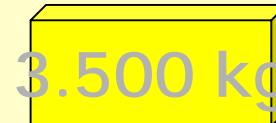

Sensibilisation  
& Consommation  
durable

Ressources

Raw  
material

Industrial  
waste

Municipal  
waste

> 90% of resource never enters the economy

# Where is the difference ?

## Ecological rucksack :

- 1kg steel : 2.3 kg
- 1kg zinc : 8 kg
- 1kg copper: 15 kg
- 1 kg stain : 6,500 Kg
  
- toothbrush: 1.5kg
- Mobile : 75 kg
- chips 0.09gr : 20 kg
- Computer: 1,500 kg

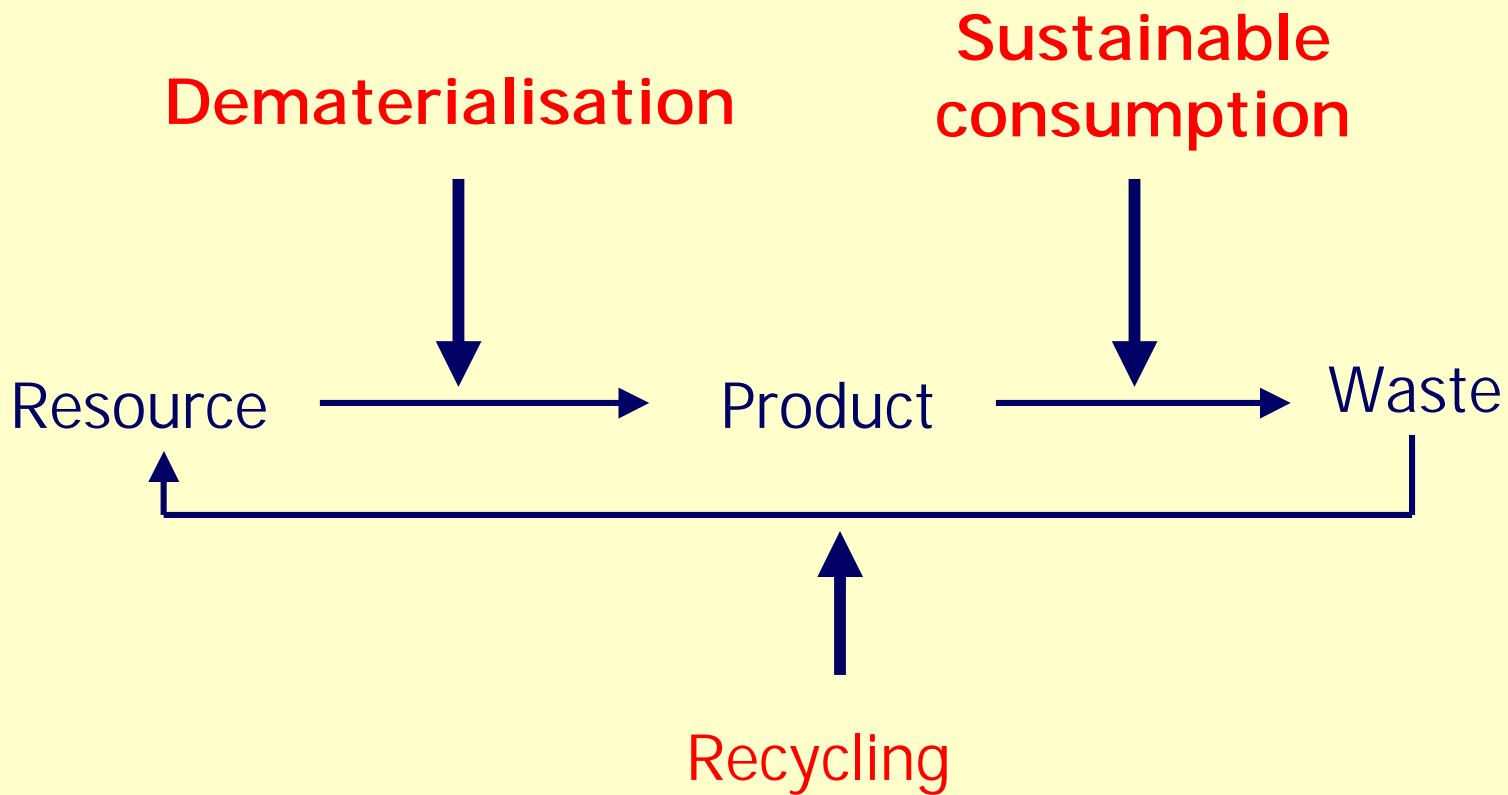

Gold ring 5g : 3,000 kg

IBGE - BIM

Sensibilisation  
& Consommation  
durable

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Fields of actions

- Promote home composting
- Promote eco-products
- Promote services
- Inform on consequences of our lifestyles
- Open the debate on real needs
- Encourage alternatives to purchasing
- .....

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Methodology

## Choice of actions

(dustbin analysis, inquiries, foreign experiences)

## Pilot tests (36)

## Global implementation

-partnership OBCD – Fedis – Municipalities – assoc.  
-Proximity contacts (6 Eco-Guides, 250 composting masters)

## Assessment

(polls, dustbin analysis, "Waste Barometer")

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Targeted public

-Households (consumers)

-Schools

-Offices and SME's

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Promote home composting

- Training of "Composting masters"  
(250 volunteers)
- Annual event, open gardens (23 locations, 700 visitors)
- 7300 tons waste composted at home (6-15% of households)
- Promotion of neighbourhood composting  
Ex. "Rosendael" area in UCCL (40 households – 4,800 tons of compost), Cité Messidor(440 households), Schaerbeek(300 households)

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Promote eco-products

# Promote second-hand shopping and repair

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## It's possible without batteries

Despite specific selective collection schemes for hazardous household waste, 80% of batteries still in unsorted bin

Campaign 2001: brochure, radio commercial, posters, press contacts, special events in stores

IBGE - BIM

Sensibilisation  
& Consommation  
durable

25% of Brussels residents heard of the campaign - allowed to increase awareness of hazardous nature of batteries

## Offer freedom to choose !

12 400 tons of free advertising in mailboxes/year

→ Sticker anti-pub

+ regulation

+ awareness campaign (TV, radio, cinema, posters)

### Results :

- 20% of mailboxes with stickers
- 2,000 tons less paper

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Inform on the consequences of our lifestyles !

Brussels inhabitants : 6 ha

→ If all the planet would live  
like Brussels inhabitants

→ We would need 3 Earth !

# SCHOOLS

## Dénounce Wastage

- ✓ Advertising
  - ➔ Pilot projects
- ❖ Favour products without waste and recycled products
  - ➔ Campaign «I am in a Green Class.. »
  - ➔ Drinking fountains
  - ➔ Less paper and recycled paper

## // Dustbin analysis

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Offices

Waste from offices = 2nd most important waste fraction

Composition of office waste (in kg/worker/year) :

Residues	220
Paper/cardboard	140
Packaging	11
Organics	8
Hazardous	8
TOTAL	387

IBGE - BIM

Sensibilisation  
& Consommation  
durable

# Offices

- ❖ Introduction of environmental criterias  
in public call for tenders
  - ➔ Preparation phase
  
- ❖ Rationalise the use of  
New technologies
  - ➔ "To print or not to print ?"

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Some tools

### ECOGUIDES

#### Role

- Give personnalised advices
- Relay for campaigns and information tools
- Address every type of public

#### Strategy

- Presence at events, fairs,....
- Recurrent animations (in 8 shopping areas)

## Some tools

### ECOGUIDES

#### Results

- > 95 000 contacted persons
- > 1000 animations
- 20 schools, 8600 children

IBGE - BIM

Sensibilisation  
& Consommation  
durable

## Some tools

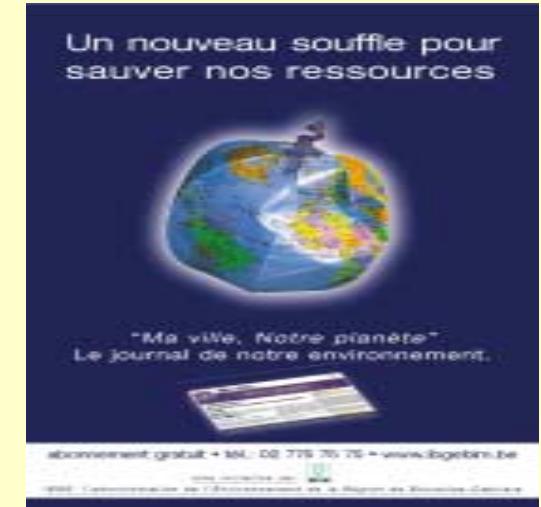

In context of 2e Waste Plan:  
newspaper "Minimum waste, we'll get there" focusing only on the issue of waste

### My city, our Planet !

Now addresses sustainable consumption  
in general

⇒ global environmental assessment,  
suggesting practical steps to be taken at  
home.

⇒ 11,000 subscribers

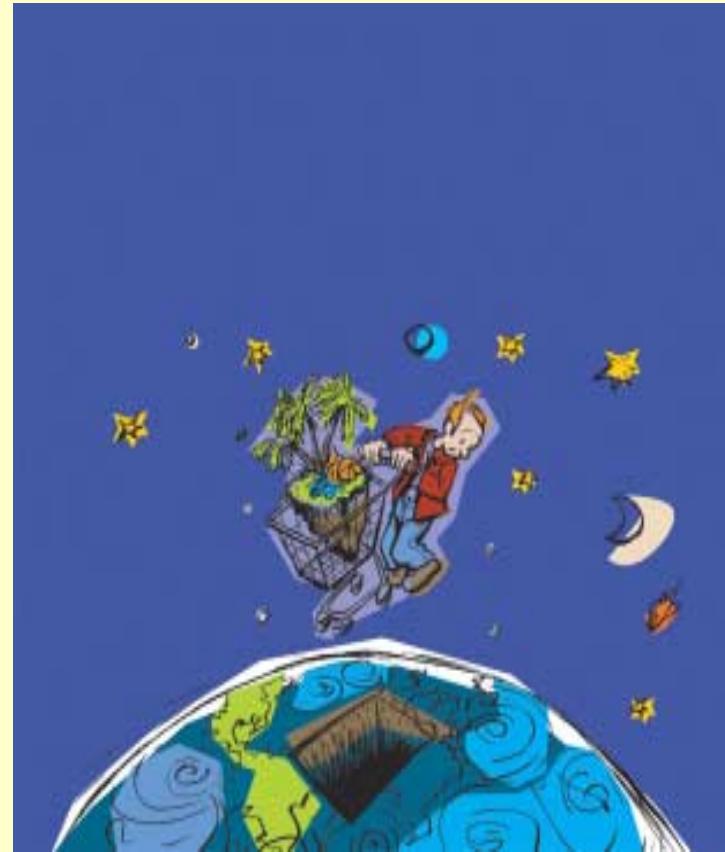

IBGE - BIM
